## NEWBURGH LOCKS AND DAM

### 1200-FOOT AND 600-FOOT CHAMBER CLOSURES

#### OHIO RIVER MILE 776.1

Newburgh Locks and Dam (Mile 776.1) The main (1200-foot) lock chamber is scheduled for intermittent closures for repairs from **April 14, 2003 through May 28, 2003**. During this period, a repair crew will install intake screens and frames and modify the lock gates. The lock will be closed for 12 hours each day, Monday through Saturday from 6:00 A.M. to 6:00 P.M. Central Standard Time and then lock traffic the remaining 12 hours. The lock will be open to traffic from 6:00 P.M. on Saturdays to 6:00 A.M. on Mondays. Tow delays times will be reviewed daily and an adjustment in the work schedule may be made to eliminate lengthy delays. Because of the diving operations in the upper approach area and floating plant requirements for the work, **the auxiliary (600-foot) lock will be closed during this entire time, April 12, 2003 through May 28, 2003.**
